SUMMARY

I am a proficient full-stack web developer with over 3 years of experience crafting engaging and dynamic web applications. My expertise spans modern front-end and back-end technologies, and I am committed to delivering top-tier, user-centric digital solutions. My passion lies in creating simplified, clean, and maintainable code. I am excited to contribute to your company's growth by enriching its culture, fostering efficiency, and cultivating a positive atmosphere.

EXPERIENCE

MICROVERSE, *Remote*

Mentor (Volunteer), July 2021 – Present

- Mentored 50+ junior web developers, providing technical support through 100+ code reviews in React, JavaScript and Ruby on Rails.
- Proposed data-driven improvements to code organization, resulting in a 20% increase in code quality and a 15% enhancement in overall performance.
- Offered guidance and advice on maintaining motivation, resulting in a 90% retention rate among mentees.

FREELANCE, *Remote*

Front-End Developer, December 2022 – April 2023

- Drove a 20% increase in client productivity by expertly implementing Figma designs using React, HTML, and CSS.
- Enhanced UX by applying user-centered design, boosting engagement by 25% and reducing bounce rates by 30%.
- Increased conversion rates for clients by 10% by using data-driven insights to optimize my front-end design.

EQUITY BANK, *Nairobi, Kenya*

Technical Computer Officer, August 2019 – March 2021

- Successfully resolved 100+ computer technical problems, including software troubleshooting and installation for employees.
- Conducted training for 50+ employees on new software adjustments, achieving a 90% satisfaction rate.

Credit Officer, August 2018 – August 2019

- Achieved an annual loan target of Ksh 1 billion and a PAR of 2.0
- Received employee of the month 4x in the year 2020-2021 based on performance and customer service.
